

HCCA International Job Postings

Current Jobs

Physical Therapist

Duties

Physical therapists treat and assist patients of all ages and abilities in orthopedic treatment centers, hospitals and rehabilitation clinic settings. Physical therapists provide a variety of medical services to help individuals who have been injured or physically affected by illness to recover or improve function. A physical therapist evaluates a patient's condition and devises a customized physical rehabilitation and treatment plan to enhance strength, flexibility, range of motion, motor control, and reduce any pain, discomfort and swelling the patient is experiencing

Requirements

Bachelors Degree; NPTE and IELTS.
Licensed or eligible for licensure in the United States.

Salary

The employer will pay or exceed the prevailing wage, as determined by the U.S. Department of Labor for the county to which the employee will be assigned

Hours

Average 36-40 hours/week

Work Site

Assigned to Various Contracting Hospitals
